

Classi Seal – THIS MULTI AWARD WINNING PATENTED PRODUCT is the simple, cost effective, preventative solution to the age old problem of leaks around baths and showers caused by shrinkage and settlement, eliminating costly repairs and disruption.

- Extensively used in Ireland for **over five years**.
- Housing Product of the Year 2008 at UK Housebuilding Innovation Awards.
- Best Interior Product and Best Innovation at Plan Expo, Dublin 2006.
- Effective insurance policy against leakage caused by inevitable movement/settlement/shrinkage in floors.
- Will accommodate vertical movement of at least 15mm.
- Minimum requirement is a clean and dry bonding surface.
- Stops the 'saucepan and frying pan' leaks and the little and often leaks, – the key ingredient of dry rot.
- Simple to install, no mess, takes only minutes, without the need for any tools.
- No special skills required to install.
- Can be easily manipulated to deal with out of square corners.
- Designed to accommodate uneven walls.
- No cure time required, can be tiled over immediately.
- Becomes a standard product after first use.
- Standard roll sizes of 2m, 2.5m, 3m, 3.2m, 4m and 12.5m.
- Other roll sizes available upon request.
